

Indian Hill High School Online Learning Instructions

Dear Indian Hill High School Braves:

Please see the instructions for online learning below.

Academics

For our distance learning day, we will be using the platform Canvas. Students are familiar with this learning management system and use it daily. There will be an activity posted in the “Announcements” section of your student’s “Class of 20--” page. This activity, labeled “Remote Learning Task” will be posted and accessible on at 8 a.m. This activity should not take more than 10 minutes. Additionally, high school students will utilize Canvas to access and complete normal assignments within their particular classes.

Technical Support

To support our students’ ability to participate in this activity and continue to access their classes remotely, parents can use the directions in the following [LINK](#) to access their students’ Canvas pages.

If you find that you are experiencing technical difficulty, there are several resources that can support you:

- For class content-related issues, please contact your child’s teacher through email.
- For technical issues, please contact our technology help line at (513) 272-9696 or email at ih-technicians@indianhillschools.org.
- If you have any additional questions, always feel free to contact the school directly at (513-272-4550). After the conclusion of our initial staff meeting, we will be available to answer any questions from 9 a.m. - 3 p.m.

IMPORTANT Technology Availability

As part of the activity, families and students will be prompted to complete a survey about consistent technology availability at home. Students at IHHS began completing this survey this morning and remaining students should have it completed by the end of school on Thursday. Knowing that it may be challenging for students to complete activities at a secondary level without a proper technology device, it is important that we can collect this information from

parents through this [survey](#) to address any technology needs.

We want to reinforce that the safety and security of our students and staff are always of paramount importance to our Board of Education and our administrative team. We appreciate your understanding as we all work to secure the safety of our students, our staff, and our community.

Sincerely,

Jeff Damadeo
Principal
Indian Hill High School
