

Indian Hill Middle School Plan C Operations

All students will be involved in learning five days a week, remotely. This will be a blend of live, virtual learning with teachers and peers and independent student work. Students will follow a block schedule M-Th and an abbreviated 7 bell schedule on Friday. There is time built into each day for both synchronous and asynchronous learning. Synchronous sessions are mandatory. We feel this schedule provides a healthy balance of work time and screen time for our middle school learners.
