

Building a Brave Future

Financial Prospectus 2022-2023

Indian Hill Middle School December 2022

A message from CFO/Treasurer Mick Davis

On behalf of our Board of Education, the administration, the teachers, and the staff members of the Indian Hill School District, I am pleased to present to you our fifth-annual Financial Prospectus. The message we have to deliver is one of fiscal stability, fiscal responsibility, and strategic investment to deliver the excellence our community both expects and deserves.

As a school district, we just completed the first calendar year for collecting on the combined operating and bond issue passed by the community May 4, 2021. As a reminder, the bond issue is a 30-year financial commitment that generates an estimated \$77 million for our facilities. The operational levy is a five-year commitment that generates an estimated \$3.3 million per year for five years in operating funds with an option to place a renewal on a future ballot.

Stakeholder support allowed us to start the work to Build a Brave Future for generations to come. A drive down Drake Road is proof that we are a campus under construction. The scope of work includes building a new gymnasium and Unified Arts wing to replace the "sawtooth" at Indian Hill Elementary School, building a new Indian Hill Middle School building, and making significant safety and mechanical upgrades across our campus.

We want to offer a sincere message of gratitude to the Indian Hill School District community for supporting the excellent educational services our District provides, from our facilities to our unparalleled programming.

It is an exciting time to be a Brave.

Sincerely,

mick.davis@ihsd.us

“ As we look toward the future using our five-year forecast, we know our financial outlook is stable; our focus is to continue to provide our stakeholders the excellence they expect and deserve, and doing so in a fiscally responsible manner. ”

CFO/Treasurer Mick Davis earned the Ohio Auditor of State Award for 2021 for excellence in financial reporting.

\$300,000 in Ohio K-12 School Safety Grants Awarded to Indian Hill School District

2022-2023 Ohio STEM Learning Network STEM Classroom Grants

The Indian Hill School District was awarded \$15,000 in total grants for science, technology, engineering, and math (STEM) studies at Indian Hill Elementary School and Indian Hill Primary School!

Increased Enrollment

Confidence.

In making a choice to enroll in the Indian Hill School District, our families can feel confident their children – our students – will receive a superior K-12 educational experience. One that is nationally recognized for academic achievement, science, technology, engineering, and math (STEM) opportunities, and within our arts and athletics. This school year, we celebrate increased enrollment within our lower grades. This is an absolute celebration for our entire Brave family. We have additional personnel to ensure we maintain a program equal to expectations as we continue to grow.

Tax Reductions & Bond Restructure

Trust.

We know our investors expect fiscal responsibility; we work tirelessly to deliver on those expectations. Our taxpayers will see a tax reduction as 1.18 mills from our 2001 bond expires in 2027. In 2019, a share of what residents paid on this bond expired – reducing the bond debt by 1.74 mills. In 2016, the District refinanced those 2001 bonds to achieve taxpayer savings of \$8.5 million. That savings for residents was in the form of reduced millage paid toward the bonds.

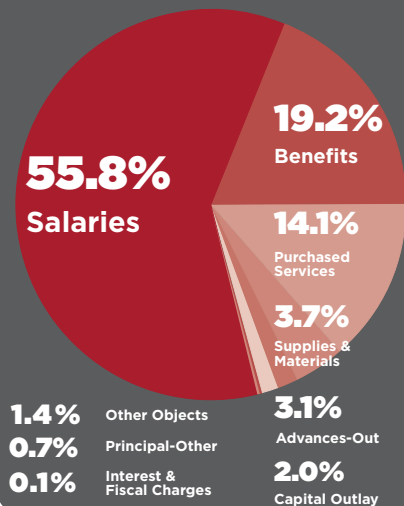

Continued Conservative Fiscal Management

Partnership.

Despite inflation causing an increase in many of our expenditures, we continue to look for ways to trim expenses. Our partnership with Motz Engineering and Energy Optimizers in developing a fiscally responsible Energy Savings Program to make District-wide facility upgrades that are good for the environment is complete. Those improvements will result in a guaranteed energy savings of \$154,528 annually.

Building a Brave Future

Update on Construction Finances

During 2022, our Board members were excellent stewards of the investment our stakeholders have made in our multi-building construction project, while working to stay true to the original project scope.

The Board of Education voted unanimously to approve a resolution providing the Board a supplemental borrowing option of \$10.0 million

to mitigate budget adjustments the master project is enduring due to inflation. This allowed the Board to take quick action to lock in interest rates prior to the steep incline on longer-term financing to cover additional costs.

We were able to achieve such a low rate, 3.75 percent, due to the Indian Hill School District's Aaa credit rating; Indian Hill is one of an elite number of school districts – only two others in Ohio – with the Aaa rating.
