Excellence in  
academics

Excellence in  
the arts

Excellence in  
athletics

The story of the #IHPromise is one of determination and collaboration to be student-centered in every decision we make. Ranked consistently as one of the top-performing schools in Ohio and nationally, our singular focus is the nearly 2,200 young scholars we serve.

After the passage of the May 2021 bond/operating levy, we – as a District – were presented with a unique opportunity to shape the future for generations of Braves. We entrenched ourselves in Building a Brave Future, not only with our construction project, but also through our programming.

During the fall of 2021, as we made history by breaking ground on the new Indian Hill Middle School building, we started to author the future of what a Brave educational experience could look like. With the input of more than 2,200 stakeholders, we curated our district's new 5-year strategic plan. Learners as Doers; Learners as Individuals; Learners as the Whole Child became the center of our focus.

The result of our collaboration, our #IHPromise, is a K-12 masterpiece composed by students, alumni, parents, community members, teachers, staff, administrators, and with the full support of our Board of Education. With three focus areas and 10 initiatives over a five-year timeframe, it is a model of what K-12 education can look like when all stakeholders have a singular vision: students at the center.

Within these pages of our 10th publication of the Quality Profile, you will see our plan in action. Our #IHPromise to you is to continue to provide the excellent educational experience you expect and deserve.

It is an exciting time to be a BRAVE!

In service to our children,

Kirk Koennecke

## EXPENSE REPORT FOR YTD 2022

## REVENUE REPORT FOR YTD 2022

Indian Hill Schools demonstrates the excellence in fiscal operations that match our educational excellence. We regularly earn the recognition from the state auditor's office for excellence in fiscal reporting, and we've earned recognition from the Ohio Senate for exemplary achievement in financial reporting.

## Indian Hill Elementary School awarded \$100,000 safety grant

The Indian Hill School District is pleased to announce Ohio's School Safety Grant Program awarded Indian Hill Elementary School a \$100,000 grant to enhance security at the building entrance.

The 2021-2022 school year was a positive one for the Indian Hill School District, and we appreciate the support of our stakeholders to make that possible.

The Indian Hill School District has a history of looking for opportunities to provide cost savings to our stakeholders in all that we do as an organization, while ensuring we provide unparalleled experiences for our students. As we look toward the future using our five-year forecast, we know our budget is balanced; our financial outlook is stable; our focus is to continue to provide our stakeholders the excellence they expect and deserve, and doing so in a fiscally responsible manner.

### Tax Reductions

Our taxpayers will see a second significant tax reduction as 1.18 mills from our 2001 bond expires in 2027. The first reduction happened after the District did an excellent job structuring the refinancing of bonds to achieve taxpayer savings of \$8.5 million. That savings for residents was in the form of reduced millage paid toward the bonds. Effective in 2019, a significant share of what residents paid on this bond expired – reducing the bond debt by 1.74 mills. That amounted to an annual reduction of approximately \$300 on a \$500,000 home, and an annual savings of approximately \$600 on a \$1 million home.

### Bond/Operating Levy Investment

In 2022, we entered the first calendar year for collecting on the combined operating and bond issue passed by the community May 4, 2021. As a reminder, the bond issue is a 30-year financial commitment that generates an estimated \$77 million for our facilities. The operational levy is a 5-year commitment that generates an estimated \$3.3 million per year for five years in operating funds with an option to place a renewal on a future ballot.

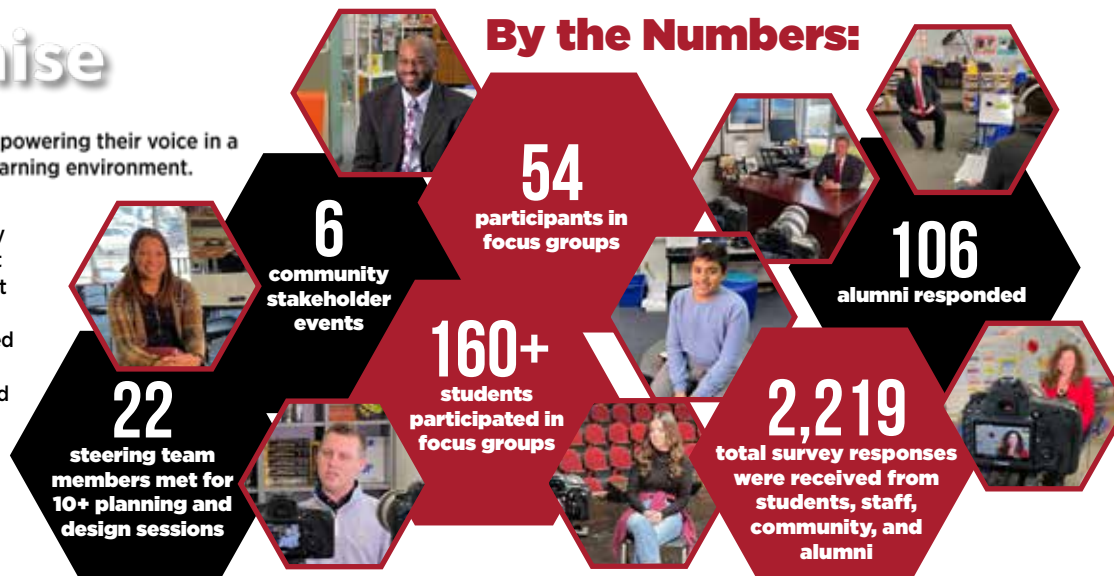

Our #IHPromise prioritizes our students by empowering their voice in a personalized, collaborative, and inclusive learning environment.

The Indian Hill School District determined early on in the process that community engagement was of primary importance and decided to cast a wide net, seeking participation from district, school, and community members to be involved in the design of the new district-wide strategic plan. This was done through an all-call postcard printed and mailed to every taxpayer in the district.

The public engagement and parental involvement of our #IHPromise was a stunning success.

## By the Numbers:

## Strategic Plan | Expected Outcomes by 2027

### Learners as Doers

- o Student Agency
- o Create New Spaces
- o District STEM Advisory

We promise to ...

- create opportunities for student agency in voice, path, and place that empowers learners and values process as much as practice.
- develop a variety of different types of spaces which will encourage collaboration, autonomy, creativity, enjoyment, and self-care.
- build sustainable partnerships to address a variety of different types of STEM learning activities/spaces which will encourage collaboration, autonomy, creativity, enjoyment, and self-care.

### Learners as Individuals

- o Culminating Experiences
- o Practical Life Skill Development
- o Streamline Communications

We promise to ...

- support students in each building as they engage in developmentally appropriate research, writing, and presentation of a subject of personal interest or passion to be completed by the time the student transitions out of the highest grade in the building.
- create developmentally appropriate courses and programs in practical skills to prepare students for future success.
- develop/refine the communications strategy to include clear and consistent access to financial and district-wide information, embedded options to drill deeper for more detailed information, and a more surgical approach to specific topics and audiences.

### Learners as the Whole Child

- o School/Life Integration
- o Wellness Life Skill Development
- o Diversity, Equity, Inclusion
- o Expand Career Pathways Mentorship

We promise to ...

- support students' learning how to maintain a healthy balance inside and outside of school through active engagement in BRAVE lessons and tools.
- teach developmentally appropriate, wellness-related, Life Skills through BRAVE Character Education to prepare students for future success.
- design environments and experiences that prioritize belonging, dignity, and love for each learner.
- create sustained mentorship program, utilizing Foundation board committee to ensure equitable access to mentorship for all IH students.

## Sharing the Vision

February 2022 marked the release of our new 5-year strategic plan and our annual State of the Schools presentation. We utilized print, digital, and video communications to share this groundbreaking work with our entire community.

# Community Partners

We appreciate our partners in education

## Indian Hill Foundation

Philanthropic partner to the District, the Indian Hill Foundation proudly supported K-12 educational excellence in partnership with the alumni, parents, teachers and students. The Foundation matched donor passion with school needs in academics, athletics and the arts, providing countless volunteer hours and \$800,000 invested by our community through the Foundation in what's next and what's possible.

INDIAN HILL  
FOUNDATION

- Grants launched an ESports program that went on to win State, a ninth-grade Biology capstone project, & Elementary School Breakout Boxes.
- Experienceships were designed and launched at the high school, expanding District wide career exploration and partnership.
- Alumni activities resumed, with 2022 Distinguished Alumnus Chris Kempczinski, CEO of McDonald's, spending quality time with current high school students.
- The Brave Opportunity Scholarship was established, providing an extraordinary senior the opportunity to pursue college without the burden of loans. **Braves Helping Braves** increased support of school families experiencing crises.
- Conquer the Hill 5K, in partnership with the District Wellness Committee, brought teachers, families, and neighbors together.
